# At Rittners Floral School The Future Is Now...

Hi, Welcome to **The Rittners School of Floral Design** in Boston, Ma.

It is a pleasure to present "At Rittners Floral School The Future Is Now."

## **Why the name for this e book?**

As an instructor of floral designing, **I touch the future every single day.**

**I teach wonderfully creative folks, who in turn will use their floral skills to create joy, relieve suffering, and make the world a much more pleasant place through floral media.....**

**Our school has been in existence for close to 70 years. Our curriculum is very different than it was in the 1940s. As a practical, commercial art form, floral designing constantly changes, evolves and moves forward... We are proud that our programs at Rittners constantly evolve to reflect the commercial, the artistic and the merger of both...**

**The term contemporary literally means what is being done at the present time. In the floral field techniques that are bleeding edge currently exist along with approaches that are from Grandfather's day, from 500 years ago, and from 5000 years ago...The past, present and future all merge in 21st Century floral expressions.....**

It was fun creating these various pieces, photographing and putting them into this ebook. It was a collective effort from the entire Rittner Floral team. On behalf of all of us on the teaching staff here at Rittners Floral School, we hope that you enjoy our modest efforts.
