Hi from Rittners Floral School in Boston.

Everyone enjoys Halloween. It is a wonderful holiday for both adults and kids.

Originally it was a very intense holiday. It marked the Celtic festival of Samhain, a time of the year in which it was believed that there was a portal from the world of the living to the world of the dead.

The seriousness has moderated in present times. In past decades Halloween was considered a “kids” holiday, primarily centered around trick or treating... More recently adults have started to enjoy it as well for parties and socializing....

Flowers and floral designs can really contribute to creating an atmosphere and setting for this holiday... Floral decorations can be created that fit the spirit of the holiday yet make one’s home even more attractive....

Yes there are some very specific arrangements that say “Halloween.”

There are also definitely some very quick and easy tricks that you can use to create neat Halloween Floral Art.

At Rittners Floral School, we believe in teaching skills that will help make doing floral designing quick, easy and fun!

This short ebook provides links to resources that we’ve created on YouTube to make your Halloween fun--and filled with flowers!

In addition there are lots of photos of Halloween Floral Art in this ebook. They are added for extra value, although they may or may not be the exact designs created in the videos.

We hope you enjoy this brief holiday offering!
